

## A ping from HR to finance and vice versa

The image displays two side-by-side screenshots of the Cisco Packet Tracer Command Prompt interface. The left window, titled "HR Department", shows a successful ping from 192.168.2.2 to 192.168.1.2 with 32 bytes of data. The right window, titled "Finance Department", shows a successful ping from 192.168.1.2 to 192.168.2.2 with 32 bytes of data. Both windows show detailed statistics for the ping operation, including packets sent/received/lost and approximate round trip times.
